HOSPITAL COMPLIANCE

- Ensure hospital billing compliance in accordance with Federal and State rules and regulations
- Validate that documentation in the patient’s hospital record supports services rendered
- Assist hospital departments with internal controls and processes
- Provide education and awareness for general compliance matters including fraud, waste and abuse
- Serve as a resource for hospital compliance-related questions, inquiries and research
- Advise on Code of Conduct and vendor relations issues.

PHYSICIAN COMPLIANCE

Provide the following services to UNC Health’s employed providers:

- Audit and monitor documentation and billing compliance in accordance with Federal and State rules and regulations and standard coding conventions
- Review physician arrangements
- Review conflicts of interest
- Assess operational processes that may affect coding and billing accuracy
- Educate on new and existing rules, including coding requirements
- Serve as a resource for professional compliance-related inquiries, regulatory research, and policy advice.
